Attachments: Fish Meals and PRG Summary Approach 19OCT21.docx

Thanks Cathy! I accepted the changes (see attached). I like the added language/disclaimer towards the end. Tim already reviewed/approved for sharing with you so you and Glenn can send to whomever is asking about the approach. If you would like for me to pass along to Stuart and Michele, I can do that as well.

This looks great! Thank you so much. I made two minor suggestions, attached. Once finalized, we can share it with interested parties.

Subject: Fish Meal Approach Summary
Importance: High

Hi Cathy,

Attached is the updated fish catch rate and fish meals approach (11 fish meals) with equations, parameter variables and values, references, and supporting material for the stream reach locations. Please review and let's discuss as needed.

Have a wonderful and restful weekend!

Thanks,
